OBSTACLE JUDGES' BACK UP SHEET

To be kept by obstacle judge. Make sure that there are enough spaces and pages for the total number of competitors. The purpose of this sheet is to provide critical scoring information in case the other sheets you have completed for each competitor are lost before scoring. Mark this sheet before handing your colored obstacle diagrams to the runner. Make any notes that will help you recall the competitor and what occured in case you are asked during the debriefing.
